BWC RECORDING

On 12/11/2020 at approximately 1826 hours, Deputy Connor responded to ██████████, Deltona, in reference to a disturbance. Prior to arrival Deputy Connor was informed that while the reporting party ██████████ (RI) was on the phone with dispatch, there was a male in the background yelling " just send me an ambulance", " you better send someone here or I am going to kill her", " I cannot deal with my mom, I'm not in my right state of mind, I don't want to hurt her." Upon arrival, Deputy Estrada advised dispatch to have ██████████ step outside to speak with deputies. Deputy Connor made contact with ██████████ who advised her son ██████████ (V1) has not been acting himself since his recent brain surgery. ██████████ stated ██████████ is not supposed to be drinking but had a few beers prior to deputies arrival. While speaking with ██████████ there was a slight language barrier and Deputy Connor had to ask ██████████ several times where ██████████ was in the house, and ██████████ would not disclose his location. ██████████ eventually advised ██████████ was in his room and should not have any weapons. ██████████ attempted to walk back into the residence while speaking with deputies and eventually made it in through the front door. Once inside ██████████ yelled for ██████████ who stated "get out of the house, I am loading up to shoot." Deputies immediately escorted ██████████ out of the residence and off the property. Deputy Connor took hard cover behind a few trees, and noticed lights were being turned off inside the residence. After a few seconds ██████████ was observed standing in the doorway of the residence. Deputy Connor began to give commands for ██████████ to put his hands up to which ██████████ replied "fuck you." Deputy Connor attempted to make dialogue with ██████████ who kept repeating "there is only one way out of this, you're going to have to shoot me." After a few minutes of speaking with ██████████ Deputy Connor was able to have ██████████ step out of the residence where Deputy Connor could visually confirm that ██████████ did not have any firearms on his person. While Deputy Connor was speaking with ██████████ other deputies were forming a receiving team to approach ██████████ Deputies were able to have ██████████ turn around and walk back to them where deputies ran up and tackled ██████████ to the ground where he was detained. Once detained ██████████ began to disclose that he has hit a hard patch in his life, with completing school to work on A/C units but can not find a job, and possibly being evicted from the residence. It should be noted, ██████████ just recently had brain surgery, he is bi-polar, and has consumed alcohol when he should not have. ██████████ was informed he would not be going to jail to see a doctor instead. ██████████ agreed with the decision to speak with a doctor about what he has been going through. It should be noted ██████████ was not injured during the incident and did not need assistance from Deltona Fire Rescue. Based on the statements and observations made, Deputy Connor determined that without proper care ██████████ would become a harm not only to himself but a harm to others as well. ██████████ was taken into custody under the Baker Act and transported the Stewart Marchman in Daytona Beach for further evaluation. Based on the statements made by ██████████ about a firearm, Deputy Connor completed the appropriate paperwork for an RPO (Risk Protection Order).
