COURSE: This course is part of the Criminal Justice Standards and Training Commission Advanced Training Program. Courses in the Advanced Training Program are designed to enhance an officer's knowledge, skills and abilities for the job he/she performs. The course will provide insight into investigating the complexity of these types of crimes. The student will understand how to conduct the initial crime scene investigation when a death is involved.

All students must pass a final written exam with a minimum score of 80%. Attendance is mandatory for all sessions of this course.

Course Topics Include:

- The Role of the Medical Examiner
- Evidence from Wounds
- Collection of Evidence
- Preservation of Evidence
- Police/Prosecutor Role in Case Preparation
- Crime Specific Investigations

NOTE: The course book will be provided by The Academy.
