THIS TRAINING COURSE IS
CJSTC TRUST FUNDED
REGION VII OFFICERS HAVE
FIRST SEATING PRIORITY

Description

This course provides participants with education regarding (cultural) diversity, bias, equity, and inclusion. It will provide cultural awareness and a greater understanding of cultural differences. Cultural diversity provides employees with tools to work across cultures while enhancing working relationships and creating a corporate culture of inclusion. This course assist participants with identifying skills to become culturally competent and enhance cultural sensitivity, as well as reduce misunderstandings.

Objectives

- To assess organizational diversity
- To discuss the importance of diversity within organizations
- Review the types of diversity
- Review laws and policies regarding Discrimination
- Discuss the challenges in diversity
- Discuss strategies for managing diversity
- Understand cultural sensitivity.
- Understand sub-cultures within a culture
